NOTICE OF INTENT TO ISSUE CLEAN AIR ACT PART 71 PERMIT TO OPERATE  
FOR G&K SERVICES, INC. – GREEN BAY

The U. S. Environmental Protection Agency (EPA) requests public comment on the draft Air Pollution Control Title V Permit to Operate for G&K Services, Inc. – Green Bay, permit number V-ON-5500900021-2014-01. The facility is located at 800 Isbell Street, Green Bay, Wisconsin, within the Oneida Tribe of Indians of Wisconsin's reservation. The public comment period for the draft permit ends **January 5, 2015**.

G&K Services, Inc. – Green Bay is an industrial laundry facility operating industrial washing machines, industrial dryers, a natural gas-fired boiler, a natural gas-fired steam tunnel, and other activities for the purpose of cleaning and reconditioning soiled industrial textiles for industrial customers. The facility was previously issued an operating permit by the Wisconsin Department of Natural Resources. Since the facility is located on the Oneida Tribe of Indians of Wisconsin's reservation, EPA is the permitting authority for this source. The issuance of this permit will authorize the operation of emission units at the facility and ensure that the facility has an operating permit issued by the EPA. The permit contains all Clean Air Act requirements that apply to the source and requires the source to conduct monitoring sufficient to enable EPA and the public to determine whether the source is complying with applicable air quality requirements.

Members of the public may review copies of the draft permit prepared by EPA, the review documents for the draft permit, the application, and all supporting materials submitted by the source at the EPA Region 5 office in Chicago located at 77 West Jackson Boulevard, 18th floor, Chicago, Illinois 60604, by contacting Michael Langman at (312) 886-6867 or [langman.michael@epa.gov](mailto:langman.michael@epa.gov).
